CHECKLIST/HELPFUL TIPS:

- Make yourself easily available (phone/email) especially important on game day.
- Always call your opponent a few days prior to the scheduled date to confirm game time, location, etc. Constant communication is key. If weather creates a question of whether the game is going to be played or not, this could save a lot of unnecessary drive time.
- For your home games, AYSA will be the one to make weather related cancellations; you cannot make those decisions on your own. For away games, contact your opponent.
- **Bring your official photo roster to each game** (page 15 in Team Manager Handbook). This is a backup in case the digital pass system does not work.
- **You need to report every game score** (page 22 in the Team Manager Handbook).
- If a home game is cancelled for any reason, you are responsible to make it up. MYSAs fine teams that do not play all their scheduled games. Contact AYSA to find out what dates and times are available.
- AYSA will not contact away teams, for any reason. AYSA only deals with home teams. So, if we cancel your game due to weather, **you** need to contact the opponent and tell them that.

AYSA CONTACTS TO KNOW:
