

U6/U8 Option for Players Born September 1 – December 31, 2018

If your player is born between September 1 and December 31, 2018, AYSA is giving parents the option to register their player for either the “Under-6” or “Under-8” play level. AYSA wants players to be excited to play and learn about the game of soccer at this young age. We believe this gives parents of these younger players the opportunity to choose which league best suits their player.

This only applies to those born September 1 through December 31, 2018.

This does not apply to the older age groups/play levels.
